FALL SHORTHORN SALE

Who Knows the Value of Good Breeding?

Back in 1941 Edellyn Radiant Command was purchased by Dillard Clark, Douglas, Oklahoma, and he was the first bull in 25 years to sell for as much as \$4000. This seemed like a lot of money in 1941 when cattle were much cheaper than they are today. However, his first crop of calves more than paid the initial purchase price in the extra premium they brought when Mr. Clark sold them. When Edellyn Radiant Command was 10 years old he was purchased by H. H. Humphrey, Holton, Kansas. Pictured above are four of the first heifer calves he sired for Mr. Humphrey. That's right, it is hard to estimate the value of good breeding . . . this fall's Carroll offering is backed by some of the most potent and popular breeding of the day . . . dip into it heavily, it will pay you!

COMMAND'S CLARA 2d — Bred Sept. 6, to Pretender's Matadore. Tested and vaccinated for Bangs.

We have sold bigger offerings at Carroll, but most certainly none that were more valuable. The Gingery & Byrnes herd from Harlan, Iowa, is being completely dispersed in this sale. Originally, a much larger herd, it has been hand picked down to 12 outstanding cows with calves at foot and the herd sire. If you like big, deep bodied, heavy fleshed, good headed cows that give a lot of milk for their calves, these Gingery & Byrnes females will appeal to you. All in all there are 16 cows with calves at foot, many of them big enough to wean.

Better put November 21st down in your date book right now, because here is a sale where someone could profit and it could be you! !

WEDNESDAY, NOVEMBER 21, 1951

The following six lots represent a complete dispersion of the small select herd owned by E. N. Taylor, Carroll, Iowa. These Shorthorns representing the best foundation material available were being maintained on Mr. Taylor's father's farm in Kansas. Due to the father's recent unexpected death, Mr. Taylor has found it necessary to disperse these cattle immediately.
